EDUCATION

Kalinga Institute of Industrial Technology

Aug 2023 – Present

B.Tech in Computer Science and Engineering

Shikshadeep College

Sept 2021 – Sept 2023

Intermediate (CGPA: 7.37)

EXPERIENCE

Frontend Development Intern | CodeAlpha

Jan 2026 – Feb 2026

Virtual Internship

- Completed a 1-month virtual internship focused on frontend development with hands-on project building.
- Developed multiple web-based applications using HTML, CSS, and JavaScript, improving UI responsiveness and functionality.

PROJECTS

Event-book | MERN Stack, JWT, MongoDB

[link](#)

- Developed a full-stack event booking platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication and authorization using JWT for secure access control.
- Built event management features including event creation, booking, and user dashboard functionalities.
- Integrated RESTful APIs and optimized database operations for efficient data handling and seamless user experience.

E-Commerce Cart | React.js, Redux, CSS

[link](#)

- Developed a responsive e-commerce cart application using React.js and Redux for efficient state management.
- Implemented product listing, add-to-cart, remove-from-cart, and quantity management functionalities with centralized Redux store.

Personal Portfolio | HTML, CSS, JavaScript

[link](#)

- Developed a personal portfolio website to showcase projects, technical skills, and achievements.
- Designed a smooth and interactive UI with responsive layouts and clean navigation.
- Enhanced user experience through animations and structured content presentation.

Health Predictor | HTML, CSS, JavaScript, Flask

[link](#)

- Developed a web-based health prediction system that analyzes user input to assess potential health conditions.
- Designed an interactive and responsive frontend using HTML, CSS, and JavaScript for seamless user experience.

Weather App | HTML, CSS, JavaScript

[link](#)

- Developed a weather app that fetches and displays real-time weather data through API integration.
- Optimized API requests and data processing to ensure fast and accurate weather updates.

TECHNICAL SKILLS
